MELISA TORRES

My summer has been spent working on book 3 in the Optionals series. The first draft is done and currently with a content editor. In this story Alexis has an in-season injury. This is one of the most heartbreaking experiences for a gymnast and I hope I do the story justice.

What else is new? Brother's Have Talent, Too will be out in audiobook in August. I will be giving away at least eight free audiobooks. I also released a 4-book collection so readers can order all 4 books at a discount from Amazon. This will be especially beneficial for international friends.

In this issue we also have our Readers of the Month and a fun word search. Happy Summer Reading!
